- A great time of fellowship and training as the new club year begins!
- A *Resource Center* with the current curriculum on display—a great chance to preview materials you haven't seen before, including the new Puggles curriculum.

#### **Breakout Topics Include:**

- *A series of Breakouts especially for pastors and Awana Ministry Directors* – Find answers to your questions, learn to align Awana with your church's ministry, shepherd volunteers and receive encouragement in your leadership ministry.
- *Growing Your Awana Club* - Can your Awana Club reach 10 more kids this year than last year? We'll look at ideas to help your club become a place where new kids "stick" instead of visiting for one night!
- *The Good News* – You can share the Gospel with clubbers with confidence! Attend a session on *Gospel Intentionality in Your Small Group* to learn how to start spiritual conversations in your group or choose *Gospel Tools You Can Use* as you share with others.
- *Ministering To and With Millennials* – This breakout takes a glimpse at the generation coming into leadership roles and gives perspective on how we can reach and challenge them effectively.
- *Conquering the Chaos* – a look at club discipline, why it's important and how to do it.
- *Scripture Memorization* – Learn *Why* it's so important and *How* to help kids do it so that it sticks.
- Additional breakouts include *Effective Bible Teaching*, *Praying For and With Children*, and others that will help you effectively reach kids in each club, use technology to reach teens, plan and manage Game Time or connect with parents in our busy world.
